PREFACE

Background

This Environmental Statement (ES) has been prepared in support of a planning application for a proposed wind farm at Mynydd Maen, between Newbridge and Cwmbran, partly in Caerphilly County Borough and partly in Torfaen County Borough.

The ES is contained within four separate volumes:

- Volume 1: Non Technical Summary
- Volume 2: Main Report
- Volume 3: Figures
- Volume 4: Technical Appendices

A separate Planning Statement has been prepared to accompany the planning application.

A separate Design and Access Statement has been prepared to accompany the planning application.

The ES has been prepared by RES Ltd (RES) in consultation with the Planning and Environment Decisions Wales (PEDW), Caerphilly County Borough Council (CCBC), Torfaen County Borough Council (TCBC), various statutory consultees and in collaboration with the following specialist consultants:

The full ES may be viewed on the Project Website www.mynyddmaen-windfarm.co.uk

Hard copies of the full ES are available to purchase from RES at a cost of £250. Copies of the full ES are available on USB free of charge. Hard copies of the non-technical summary are available free of charge. Requests for documents should be made in writing, including payment if purchase of the full ES is required, to RES Ltd, Cedar House, Greenwood Close, Cardiff Gate Business Park, Cardiff, CF23 8RD or to <u>chris.jackson@res.group.com</u>.

RES has an Environmental Management System which actively encourages the reduction of paper consumption and promotes recycling where possible. To further reduce paper use, RES would prefer that the ES is viewed on the project website or that copies of the ES are requested in USB format.
