Good Morning Elliot,

Thank you for sharing the attached letter. I can confirm that I am happy with the wording for the planning condition as detailed in section 3. However, please can you amend the 2nd point relating to critical factors within section 2 (Page 3) from:

'the technology involved is likely to be located within the airfield perimeter'

to read:

'the technology involved has the potential to be located within the airfield perimeter; this will be subject to airport agreement/approval,'

Thank you

Rob Elias

Hi Rob,

Thank you for your time on the phone this morning. As discussed, please find attached a letter which we intend to submit to PEDW to address the Request for Further Information in regards to a Radar Mitigation Scheme and an appropriate suspensive planning condition for the Mynydd Maen Wind Farm DNS application.

We would greatly appreciate it if you were able to review the letter and provide any comments or confirm that you agree with the contents on behalf of Cardiff Airport.

Kind Regards,

Elliot Smith
