TABLE OF APPENDICES

No.	Technical Appendix
1	Introduction
1.1	EIA Scoping Report (Barton Wilmore)
1.2	EIA Scoping Direction from Planning and Environment Decisions Wales (PEDW)
1.3	Scoping Consultation Summary Table
3	Proposed Development
3.1	Carbon Balance Report
3.2	Geo-environmental Report (Argyll Environmental)
3.3	Outline Construction Environmental Management Plan
3.4	Outline Borrow Pit Management Plan
5	Landscape & Visual
5.1	Landscape & Visual Impact Assessment Criteria
5.2	Visualisation Information
5.3	Preliminary Assessment of Special Landscape Areas
5.4	Preliminary Assessment of Receptor Groups
5.5	Viewpoint Assessment
5.6	Residential Visual Amenity Assessment
5.7	Detailed Viewpoint Location Plans
6	Ecology
6.1	Planning Policy and Legislation
6.2	Stakeholder Meeting Records
6.3	Survey Tables and Bat Data Analysis Methods
6.4	Phase 1 Habitat Survey Target Notes
6.5	Bat call identification
6.6	Photographs
6.7	Outline Habitat & Ecological Management Plan

7.1a Confidential Year 1 Ornithology Baseline Report 2020-21 7.1b Confidential Year 2 Ornithology Baseline Report 2021-22 7.2 Confidential Schedule 1 Breeding Information 7.3 Survey Tables 7.4 Collision Risk Modelling 8 Cultural Heritage 8.1 Written Scheme of Investigation (WSI) 8.2 Historic Environment Desk Based Assessment (HEDBA) 8.3 Historic Environment Desk Based Assessment (HEDBA) Appendices 8.4 Historic Environment Desk Based Assessment (HEDBA) Figures Parts 1-3 9 Hydrology & Hydrogeology 9.1 Sustainable Drainage Management Plan Report 9.2 Coal Mining Risk Assessment 9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts 11.8 Draft Planning Conditions	7	Ornithology
7.2 Confidential Schedule 1 Breeding Information 7.3 Survey Tables 7.4 Collision Risk Modelling 8 Cultural Heritage 8.1 Written Scheme of Investigation (WSI) 8.2 Historic Environment Desk Based Assessment (HEDBA) 8.3 Historic Environment Desk Based Assessment (HEDBA) Appendices 8.4 Historic Environment Desk Based Assessment (HEDBA) Figures Parts 1-3 9 Hydrology & Hydrogeology 9.1 Sustainable Drainage Management Plan Report 9.2 Coal Mining Risk Assessment 9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	7.1a	Confidential Year 1 Ornithology Baseline Report 2020-21
7.3 Survey Tables 7.4 Collision Risk Modelling 8 Cultural Heritage 8.1 Written Scheme of Investigation (WSI) 8.2 Historic Environment Desk Based Assessment (HEDBA) 8.3 Historic Environment Desk Based Assessment (HEDBA) Appendices 8.4 Historic Environment Desk Based Assessment (HEDBA) Figures Parts 1-3 9 Hydrology & Hydrogeology 9.1 Sustainable Drainage Management Plan Report 9.2 Coal Mining Risk Assessment 9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	7.1b	Confidential Year 2 Ornithology Baseline Report 2021-22
7.4 Collision Risk Modelling 8 Cultural Heritage 8.1 Written Scheme of Investigation (WSI) 8.2 Historic Environment Desk Based Assessment (HEDBA) 8.3 Historic Environment Desk Based Assessment (HEDBA) Appendices 8.4 Historic Environment Desk Based Assessment (HEDBA) Figures Parts 1-3 9 Hydrology & Hydrogeology 9.1 Sustainable Drainage Management Plan Report 9.2 Coal Mining Risk Assessment 9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	7.2	Confidential Schedule 1 Breeding Information
8 Cultural Heritage 8.1 Written Scheme of Investigation (WSI) 8.2 Historic Environment Desk Based Assessment (HEDBA) 8.3 Historic Environment Desk Based Assessment (HEDBA) Appendices 8.4 Historic Environment Desk Based Assessment (HEDBA) Figures Parts 1-3 9 Hydrology & Hydrogeology 9.1 Sustainable Drainage Management Plan Report 9.2 Coal Mining Risk Assessment 9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	7.3	Survey Tables
8.1 Written Scheme of Investigation (WSI) 8.2 Historic Environment Desk Based Assessment (HEDBA) 8.3 Historic Environment Desk Based Assessment (HEDBA) Appendices 8.4 Historic Environment Desk Based Assessment (HEDBA) Figures Parts 1-3 9 Hydrology & Hydrogeology 9.1 Sustainable Drainage Management Plan Report 9.2 Coal Mining Risk Assessment 9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assesment Charts	7.4	Collision Risk Modelling
8.1 Written Scheme of Investigation (WSI) 8.2 Historic Environment Desk Based Assessment (HEDBA) 8.3 Historic Environment Desk Based Assessment (HEDBA) Appendices 8.4 Historic Environment Desk Based Assessment (HEDBA) Figures Parts 1-3 9 Hydrology & Hydrogeology 9.1 Sustainable Drainage Management Plan Report 9.2 Coal Mining Risk Assessment 9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assesment Charts		
8.2 Historic Environment Desk Based Assessment (HEDBA) 8.3 Historic Environment Desk Based Assessment (HEDBA) Appendices 8.4 Historic Environment Desk Based Assessment (HEDBA) Figures Parts 1-3 9 Hydrology & Hydrogeology 9.1 Sustainable Drainage Management Plan Report 9.2 Coal Mining Risk Assessment 9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	8	Cultural Heritage
8.3 Historic Environment Desk Based Assessment (HEDBA) Appendices 8.4 Historic Environment Desk Based Assessment (HEDBA) Figures Parts 1-3 9 Hydrology & Hydrogeology 9.1 Sustainable Drainage Management Plan Report 9.2 Coal Mining Risk Assessment 9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	8.1	Written Scheme of Investigation (WSI)
8.4 Historic Environment Desk Based Assessment (HEDBA) Figures Parts 1-3 9 Hydrology & Hydrogeology 9.1 Sustainable Drainage Management Plan Report 9.2 Coal Mining Risk Assessment 9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	8.2	Historic Environment Desk Based Assessment (HEDBA)
9 Hydrology & Hydrogeology 9.1 Sustainable Drainage Management Plan Report 9.2 Coal Mining Risk Assessment 9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	8.3	Historic Environment Desk Based Assessment (HEDBA) Appendices
9.1 Sustainable Drainage Management Plan Report 9.2 Coal Mining Risk Assessment 9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	8.4	Historic Environment Desk Based Assessment (HEDBA) Figures Parts 1-3
9.1 Sustainable Drainage Management Plan Report 9.2 Coal Mining Risk Assessment 9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts		
9.2 Coal Mining Risk Assessment 9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	9	Hydrology & Hydrogeology
9.3 Soil and Peat Management Plan 9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	9.1	Sustainable Drainage Management Plan Report
9.4 Watercourse Survey Report 9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	9.2	Coal Mining Risk Assessment
9.5 Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat 10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	9.3	Soil and Peat Management Plan
10 Transport, Traffic & Access 10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	9.4	Watercourse Survey Report
10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	9.5	Ecohydrology Impact Assessment & Remediation on GWDTEs & Peat
10.1 Outline Traffic Management Plan 11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts		
11 Acoustic 11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	10	Transport, Traffic & Access
11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	10.1	Outline Traffic Management Plan
11.1 Renewable Energy Systems (RES) Publications 11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts		
11.2 Issues Scoped Out 11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	11	Acoustic
11.3 Background Noise Survey Locations 11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	11.1	Renewable Energy Systems (RES) Publications
11.4 Instrumentation Records 11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	11.2	Issues Scoped Out
11.5 Derived Background Noise Levels & Limits 11.6 Curtailment Strategies 11.7 Assessment Charts	11.3	Background Noise Survey Locations
11.6 Curtailment Strategies 11.7 Assessment Charts	11.4	Instrumentation Records
11.7 Assessment Charts	11.5	
	11.6	Curtailment Strategies
11.8 Draft Planning Conditions	11.7	Assessment Charts
	11.8	Draft Planning Conditions
